"Home of the Colts"

Dear Parent/Guardian:

This spring, your child will take the Smarter Balanced tests in math and English language arts. Students in grades 5 and 8 will also take the Measurements of Student Progress (MSP) in science.

This is the third year our state will administer the Smarter Balanced tests. The results from these tests will give a more accurate picture of whether students are on track to be ready for college or career.

Most students will take the tests online. Our school is scheduled to take the tests **during the month of May**, a calendar is found on the back of this letter.

For more information about the tests and to try out a practice test yourself, visit www.k12.wa.us/smarter.

Please call or email **Connie Hachtel, test coordinator** if you have questions about state testing.

Thank you for continuing to work with us to make sure your child is successful. Please let us know if there is anything we can do to better support your child. We want your child to leave us with a solid foundation of skills and a future full of opportunities.

Sincerely,

Michael Denny
Housel Middle School Principal
